

HEFMA South West & Eastwood Park
Training invite you to attend...

Clean & Green!

Waste and Sustainability for a positive future
30th March 2023 - 6 CPD learning hours!

With specialist guest speakers and Hefma team members

Cost?

£120 per person

Time?

9:15-15:30 (lunch included)

Where?

Eastwood Park Training, GL12 8DA

Are you responsible for ensuring your trust is clean and green?

With an ever growing need to reduce our carbon footprint, ensure waste targets are met and our trusts are as sustainable as possible, its time to really start planning our next steps!

With specialist guest speakers, case studies and practical and tangible takeaways to build and enhance your waste and sustainability plans, an overview of HTM 07-01, and the opportunity to network and collaborate with others, this seminar is packed with specialist advice and support.

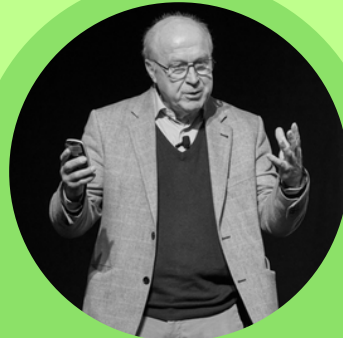

Lunch and all refreshments are included, with plenty of opportunity to network.

Darren Jones

Managing Director - Low Carbon Europe

Darren is a Chartered Engineer and holds a B.Sc. in Natural Sciences. As a Fellow of CIBSE, trainer at Eastwood Park and a Low Carbon Consultant, he specialises in Energy Management, Carbon Reduction, specialist consultancy services in the field of building management systems, Refrigeration and Air conditioning.

Pip Squire

Head of Energy & Sustainability - Ark Data Centres

Over the past 40 years Pip has moved from engineering geology and foundation design on large hydro-electric projects around the world, to nuclear waste management, airport engineering into the power industry in 1996 and then into data centres full time from 2007.

Bill Millar

Governance and Compliance Specialist

Bill has over 38 years' experience in healthcare estates and facilities management. Across the last 15 years he has been involved with water safety and waste management in healthcare organisations, negotiating waste consortium contracts, developing the terms of reference for waste management groups and liaising with supply chains, and is a trainer at Eastwood Park.
